QuintEssential Bioterrain Restore 0.9, 30 Count
Same as Original Quinton Isotonic with EZ Open Seal

Item Catalog Number: QUINT09
30 Vials

QuintEssential Bioterrain Restore pure marine plasma diluted to match the concentration of your blood and is the most gentle. Ideal if for a sensitive system, gentle detoxification, restoration, deeper sleep, emotional and physical balance, relaxation.

Exactly the same as Original Quinton Isotonic from Spain, but easier to open!

Bioterrain Restore is pure marine plasma diluted to match the concentration of your blood and is the most gentle. Bioterrain Restore is ideal if for a sensitive system, gentle detoxification, and restoration. Health professionals report application for deeper sleep, emotional and physical balance, recovery from sports and exertion, and relaxation.

Bioterrain Restore is a good way to start your protocol if your constitution is weaker. It is also ideal for long term use.

QuintEssential marine plasma is the living fluid produced by, and harvested from, an oceanic plankton bloom.

Discovered by French physiologist Rene Quinton in 1897, this nutrient-rich seawater (cold sterilized and processed according to pharmaceutical grades) has been used for over 110 years to restore the bio-terrain.

- QuintEssential Bioterrain Restore has been applied by thousands of doctors in clinical and emergency settings for over 100 years throughout Europe, Asia, and South America.
- At one time, the Quinton family funded 69 free clinics throughout Europe to dispense QuintEssential to those in need.
- QuintEssential was secretly used by the French Army as a blood plasma replacement.
- QuintEssential was recognized as a pharmaceutical for over 80 years.
- QuintEssential was featured in the Dictionnaire Vidal (France’s equivalent of the Physicians’ Desk Reference) from 1953 to 1999.
- One publication summarized a 2,000 person, 20-year follow-up study that evaluated QuintEssential for both safety and efficacy for a variety of acute and chronic health conditions.

QuintEssential BioTerrain Restore 0.9 is a nutrient-rich marine fluid that is harvested from the depths of a particular oceanic plankton bloom using the same harvesting method developed by French
physiologist and humanitarian Rene Quinton over 110 years ago.

QuintEssential Bioterrain Restore is not just seawater. It's a unique marine Plasma harvested from one vortex plankton bloom, at certain times, under certain conditions. It has proven to be an incredibly effective way to restore cellular homeostasis and mineral balance.

Microscopic sea organisms create QuintEssential Bioterrain Restore. It has been speculated that the secret of our biological ancestry lies in these microscopic organisms. A complete spectrum of minerals is necessary to metabolize 100% of the amino acids we consume. When critical minerals are missing or represented in deficient amounts, our bodies fail to optimally metabolize and convert amino acids and enzymes into energy. The constitution of marine Plasma mirrors that of human blood Plasma almost perfectly. Like human blood Plasma, it contains 78 minerals and marine co-factors - all at almost the perfect levels needed by the human body.

QuintEssential is an ideal solution for restoring balance to the body's internal fluids, thoroughly replenishing electrolytes and rapidly re-hydrating.

**Clinical Significance**

Over the last 100 years, QuintEssential Bioterrain Restore has been used with remarkable success to restore physiological balance, support gastrointestinal health, encourage the healthy growth of intestinal probiotics, encourage optimal growth, maintain optimal performance, and enhance physiological stamina. It’s very important to sterilize marine plasma for consumption by humans, but the sterilization process must not destroy the "alive" nature of the plasma. There are many health restoring constituents in QuintEssential that are destroyed by UV and/or heat sterilization and so Rene Quinton’s original protocols of COLD micro-filtering multiple times - as opposed to heat pasteurization or UV radiation - are followed very closely to this day to maximize optimal health support. No other seawater product available has this level of history, credibility and research behind it.

QuintEssential BioTerrain Restore 0.9 is pure marine Plasma diluted to match the mineral concentration of your blood.

QuintEssential BioTerrain Restore 0.9 is the most gentle formula and is ideal if for a sensitive system, detoxification, and restoration. Health professionals report benefits for deeper sleep, emotional and physical balance, recovery from sports and exertion, and relaxation. Bioterrain Restore is a good way to start your protocol if your constitution is weaker. It is ideal for long term use.

- Prenatal Care: Supports optimal fetal development.
- Pediatrics: Supplements nutritional intake, optimal growth and development, and cellular hydration.
- Gynecology: Supports optimal glandular function, vaginal health, and supports normal menstrual cycle.
- Dermatology: Restores mineral balance necessary for optimal formation of the collagen matrix.
- Respiratory Health: Helps normalize respiratory function after acute or prolonged stress.
- Dental Applications: Helps to strengthen gums and promote optimal oral pH and proliferation of healthy oral bacteria.
- Gastro-Intestinal Health: Normalizes intestinal and physiological pH; Supports the healthy proliferation of probiotics in the intestines; and Facilitates the metabolism of amino acids.
- Hormonal Production: Supports optimal hormonal production due to the presence of bio-available minerals and amino acids.
- Neurology: Supports optimal brain function and neuronal development.
QuintEssential Bioterrain Restore 0.9 is one of the greatest nutritional discoveries in history, made more than a century ago by renowned biologist Rene Quinton. It is the only raw, unheated, naturally balanced mineral and trace element product specifically created to nutritionally replenish our biological terrain (Bioterrain).

Modern physiologists regard our Bioterrain as the body's master operating system. This amazingly complex network of fluids emerged over billions of years of life's evolution in primordial seawater. Through the abuses of modern diet, lifestyle and disharmony our Bioterrain becomes imbalanced and corrupted. QuintEssential 0.9 restores our Bioterrain to its vital ocean identity and in doing so, supports:

- Cellular Nutrition
- Detoxification
- Genetic Nutrition
- Natural Rehydration
- Immune Support
- Intestinal Wellness

QuintEssential Bioterrain Restore 0.9 includes 78 ocean-derived raw "living" minerals and trace elements - in user-friendly, easy to open packaging.

Benefits of using QuintEssential Bioterrain Restore 0.9

- Energy
- Endurance
- Focus
- Recovery
- Flexibility
- Relaxation / Sleep
- Detoxification
- Digestive Support
- Immune Support
- Adrenal Support

Other Ingredients: Natural Spring water, cold micro-filtered natural seawater

Dosage and Use:
- Use 1 vial daily, 15-30 minutes before a meal. Hold in mouth for 30-60 seconds, then swallow.
- Additional vials (up to 3) can be consumed in divided doses prior to meals and bedtime.

**General Recommended Protocols**

| Mode of Action | Re-establishes bio-terrain by replenishing extra-cellular fluid with full spectrum bio-active minerals, salts, and amino acids. Facilitates homeostasis through principles of intra- and extra-cellular osmosis. Facilitates balanced re-hydration (i.e. electrolyte balance) |
| Initial Dosage | 1 10 ml vial of Quinton™ Isotonic per day on an empty stomach for the first 7 days. Increase to 2 vials of Quinton Isotonic per day on an empty stomach for the next 3 weeks. |
| Dosage After 1st Month | In the second month, introduce 1 vial of Quinton™ Hypertonic in the morning on an empty stomach and continue on 2 vials of Quinton Isotonic in the afternoon on an empty stomach. As much as 4 vials of Quinton Hypertonic and 4 vials of Quinton Isotonic can be taken daily under health professional supervision and under specific circumstances. |
| Maintenance Dosage | After taking Quinton plasma for three consecutive months, it is recommended that people take 1 to 2 vials per week of either Hypertonic or Isotonic. |
| Secondary Effects | It is important to work with clients to ensure that their bowels are moving regularly. If not, in rare circumstances, the client may develop temporary signs of detoxification such as skin blemishes and constipation. No adverse effects have been reported. |

**Warnings:**

- If pregnant or lactating, consult your physician before taking this product
- Keep out of reach of children
- Do not exceed recommended dose
